Grade 5 Family Contributions / Book Pack Information

Tuesday 18th October, 2022

Dear Parents/Guardians,

Altona Meadows Primary School is looking forward to another great year of teaching and learning and would like to advise you of our voluntary financial contributions for 2023.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

For the 2023 school year, we are continuing with our online portal for the purchasing of Book Packs, this should hopefully make the system of ordering and delivering of packs much easier. All Book Packs will be delivered straight to the school at the beginning of 2023 and will not need to be taken home. We have added several items into our packs for next year to enhance the learning program. This includes items such as individual headphones for each student and handwriting books.

For the 2023 school year, we are continuing with our Bring your Own Device Program for students in grades 3, 4, 5 & 6. Our partnership with JBHIFI ensures the best prices and warranty for these netbooks. Please see the attached Information Pack for further information. Please remember, if you purchased a device for your child for Grade 3 you do not need to purchase a new one.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Emma Hampton
School Principal

Simon Jackson
School Council President

Want to know more? The JB Hi-Fi Education Parent Hub has all the tips and tricks you'll need to effectively navigate our BYOD portal.

We provide advice, guidance and support to ensure you select and purchase the most appropriate technologies for optimal learning.

Take me straight to the [Parent Hub](#).

Getting your devices delivered pronto

We offer fast, contactless delivery options for BYOD customers, including home delivery, school delivery or pick-up from a participating JB Hi-Fi retail store of your choice.

Home delivery

Contactless delivery can be made direct to your door, unless your school requires your order to be delivered to the school first.

Store pickup

You're welcome to collect your BYOD order from any participating JB Hi-Fi retail store in Australia. When ordering, you'll see that we list the five stores closest to your school to make it even easier for you.

If you choose store pickup, you'll be notified by email and/or SMS as soon as your order is ready to collect. All you have to do is show your confirmation message and provide photo identification (e.g. driver's licence) to a JB Hi-Fi staff member when you arrive at the store.

School delivery

Some schools may request that devices are delivered to the school and then handed out to students. This may occur when a school wants to add a logo, your child's identification, an image or software to the device, or they may need to connect it to the school Wi-Fi network and ensure everything is working as it should.

Our BYOD portal will advise if school delivery has been requested when you're ordering your equipment.

Your protection if things go wrong

Even the best equipment can be subject to failure or problems. That's why we're ready for anything so your downtime is never a long time.

If you experience an issue with your device within the period covered by either the Manufacturer's Warranty, Extended Warranty or the JB Hi-Fi Minimum Voluntary Warranty Policy, JB Hi-Fi will arrange a refund, repair or replacement in accordance with the terms of the policy.

Note that all equipment sold by JB Hi-Fi Education is covered by the consumer guarantees under the Australian Consumer Law (ACL), along with a standard manufacturer's warranty and JB Hi-Fi's Minimum Voluntary Warranty Policy. Details can be found here: <https://support.jbhifi.com.au>.

How to log a warranty repair claim

1. Visit <https://productcare.jbeducation.com.au>.
2. Submit the details of your warranty claim.
3. Once submitted, you should receive a notification email confirming receipt.
4. A member of our warranty service team will then contact you and/or your school to determine if it is a hardware fault and then arrange repair of the faulty unit.

If you would prefer to deal with the manufacturer directly regarding the repair of your equipment, please visit our Support page for further information on how you can contact them: www.jbeducation.com.au/support/.

Whoops! Do you have accidental damage cover?

We all know that accidents happen with devices whether with food/ drink spills, dropping the device or other physical impacts that effect the usability of your asset. JB Hi-Fi offers its BYOD customers Accidental Damage Protection Insurance options that provide coverage for physical damage to a device.

These options afford you peace of mind that, should your child accidentally damage their device, you can have it repaired, with the only cost being the policy excess. This will get them back to study sooner. Some of our plans combine Extended Warranty and Accidental Damage Protection Insurance, which gives you both certainty that product faults are covered for a longer period and comfort that damage caused to the device is taken care of.

If your equipment has been accidentally broken and you have not purchased any additional accidental damage cover (device insurance), please contact us via our warranty website: <https://productcare.jbeducation.com.au/>. One of our repair team members will give you a quote for the cost of the repair (available for Apple, Lenovo, HP and Microsoft Surface).

JB Hi-Fi also offer insurance coverage for Loss, Theft or Loss and Theft (combined). If your child misplaces their device or their device is stolen, the cost of replacement can be an unexpected (and unwelcome) expense. These additional insurance options allow you to be prepared should these unfortunate events occur.

If considering an Extended Warranty or Accidental Damage Protection Insurance cover, parents should read the relevant terms and conditions and Product Disclosure Statements available via our support page www.jbeducation.com.au/support/.

Frequently asked questions

What to buy

How do I know what to buy for my child?

Everything on the BYOD portal has been selected and approved by your school for your child's study.

Do I need to buy software?

Your school decides what software they require. Sometimes software is included as part of the agreement with the school. Contact your school for more information.

Do I need to buy insurance or warranties?

You can buy insurance and extended warranty if you want. Options are available on the portal. You are not required to have insurance or an extended warranty. Our extended warranty options give you an extended period of coverage in relation to product faults on your device. These plans are provided by the Manufacturer and may (depending on the device selected by your school) include additional benefits such as: Onsite Repair at your school, Next Business Day Repair and/or assessment or Advance Replacement, where you will receive a new device even before your faulty device has been returned to us for assessment. These are services generally not covered by the standard manufacturer's warranty.

Our insurance options support devices with accidental damage protection coverage (and/or cover for theft or loss), which you can add-on to give you peace of mind that your child's device is protected against life's little mishaps.

The extended warranty products we sell provide protection against product faults and offer additional support that may not be covered by the standard manufacturer's warranty. In addition to the standard manufacturer's warranty, you may also have rights in relation to product faults under JB Hi-Fi's minimum voluntary warranty (see https://cdn.shopify.com/s/files/1/0024/9803/5810/files/YourRights_July2014_HR_D2_v3_cfdc3a23-7517-44c4-878f-329b3434feaa.pdf?294726 for further details) and/or the Australian Consumer Law (see <https://www.accc.gov.au/consumers/consumer-rights-guarantees/repair-replace-refund> for further details). You should familiarise yourself with these rights when considering extended warranty products.

What if I want my child to have a device case or other accessory?

You can choose the accessories you want for your child. You can purchase from those available on the portal or you can buy them elsewhere.

Can I choose a different colour for my child's device?

Unfortunately, no. In order to provide our special BYOD education pricing, we have to limit the product options available.

If I have more than one child at the school, do I need to place a separate order for each child?

Yes, you will need to complete an order for one child first. You will then receive an 'Order Confirmation' notification on the screen and be given an option to 'Place Another Order'. Some of your personal details will be retained so you will not have to re-enter them.

How to pay

What payment options do you accept?

There are several payment options we accept for your BYOD purchase. Credit Card, BPAY, our 12 Month Interest Free Finance option via Humm90, and buy now, pay later options. You can select to pay 'upfront' by credit card (Visa, Mastercard or American Express). Unless otherwise stated, full payment will be taken from your card when you select this option during checkout.

For BPAY payments, you can pay for your student's device direct from your bank account. We will provide you with our biller code and a reference number to use if you select BPAY as your preferred payment option. We do not accept BPAY payments via credit card.

We also offer an interest free option via Humm90. To apply for interest free, you will be able to complete an application through the BYOD Online Portal when you select Humm90 during checkout. Humm90 is a financial product provided by Flexi Group.

For buy now, pay later options, we've partnered with Afterpay and Zip to offer you choice and flexibility.

How do I know my credit card details are safe?

JB Hi-Fi Education uses an industry standard platform to transact all credit card payments. It is a highly secure system and all details submitted are encrypted. They do not retain any credit card numbers and your information is safe.

Can I pay for my order with JB Hi-Fi Gift Cards?

No, you cannot use JB Hi-Fi Gift Cards as a payment method for your BYOD order.
